Yes it appear to be. Where is the line item in the 2016/2017 Budget? The BID is requesting a signal at Seward/Santa Monica. It will take upto 3 years however if the City and State kick in together we can have the project expedited. Its a bit tricky since Santa Monica Bouelvard is a Highway (Caltrans) and Seward is the district dividing lines between CD#4 on the west and CD#13 to the east. Who and what department controls the fund?

Let me know. Are you getting ready to be the next Councilmember?

Subject: Re: Question - Hollywood Transportation Mitigation Fund

is this it?

Section
5.111.19 Creation and Administration of the Fund.

Sec. 5.111.19. Creation and Administration of the Fund.

(a) There is created and established in the Treasury of the City of Los Angeles a special fund to be known as the "Neighborhood Traffic Management Fund" (Fund).

(b) The purpose of the Fund shall be the receipt, retention and disbursement of funds, including developer contributions, received by the Los Angeles City Department of Transportation designated for the formulation and implementation of neighborhood traffic management plans to facilitate more efficient management and administration of the funds. The Fund shall also be used for the disbursement of monies transferred into the Fund by the City Council.

(c) The Fund shall be administered by the General Manager of the Department of Transportation or the Manager's designee(s), in accordance with established City practices and the provisions of the Fee Mitigation Act (Government Code section 66000, et seq.). No more than 5% of the funds shall be used each year for each project for administrative costs. Administrative costs shall not include public outreach, traffic incursion studies, feasibility studies, traffic data surveys, preparation of neighborhood traffic management plans, conceptual drawings, construction drawings, construction engineering, and construction.

(d) The General Manager of the Department of Transportation shall inform the Controller of any special condition or restriction imposed upon any monies accepted for deposit in the Fund. The Controller shall establish a separate account in the Fund for each specific use.

(e) The General Manager of the Department of Transportation is authorized to establish appropriate procedures to carry out the provisions of this Article.

(f) Monies not expended from the Fund at the close of any fiscal year shall not revert to the Reserve Fund, but shall remain in the Fund.

(g) All interest and other earnings attributable to monies in the Fund or to any of the separate accounts within the Fund shall be credited to the Fund or to the account to which it is attributable and shall be devoted to the purposes of the Fund.

(h) The General Manager of the Department of Transportation shall maintain appropriate accounting records of the actual costs of the services rendered pursuant to the Fund. The General Manager shall report to the Chief Legislative Analyst regarding and identifying all receipts into, and all expenditures out of, the Fund as well as the purpose for which the expenditures were made. Each report shall cover a fiscal year and shall be submitted within 90 days after the close of that fiscal year.

SECTION HISTORY

Dear Avak:

No that is a different fund. The account that I am looking for is when Developers aka JH Synder does a development project and it is required by the City to place fund in a so called Transportation Mitigation Fund.

Subject: Re: Question - Hollywood Transportation Mitigation Fund

it's not in DOT. As far as I know it is called the Hollywood Mobility Account and it is in the CD-13 trust fund, see motions below:

Dear Avak:

Where in the budget (LADOT) is the Transportation Mitigation Fund? This is where developers are required to supply money for the traffic mitigation. I am interested in the fund for Hollywood – specifically in the BID’s district. Let me know.
